Neotropical Monogenoidea. 39: a new species of *Kritskyia* (Dactylogyridae, Ancyrocephalinae) from the ureters and urinary bladder of *Serrasalmus marginatus* and *S. spilopleura* (Characiformes, Serrasalminidae) from southern Brazil with an

BOEGER W. A., TANAKA L. K. & PAVANELLI G. C. 2001. — Neotropical Monogenoidea. 39: a new species of *Kritskyia* (Dactylogyridae, Ancyrocephalinae) from the ureters and urinary bladder of *Serrasalmus marginatus* and *S. spilopleura* (Characiformes, Serrasalminidae) from southern Brazil with an . *Zoosystema* 23 (1): 5-10.

A new species of *Gyrodactylus* (Monogenea, Gyrodactylidae), an ectoparasite from the endemic *Iranocichla hormuzensis* (Teleostei, Cichlidae), the only Iranian cichlid

VANHOVE M. P. M., BOEGER W. A., MUTEREZI BUKINGA F., VOLCKAERT F. A. M., HUYSE T. & PARISELLE A. 2012. — A new species of *Gyrodactylus* (Monogenea, Gyrodactylidae), an ectoparasite from the endemic *Iranocichla hormuzensis* (Teleostei, Cichlidae), the only Iranian cichlid. *European Journal of Taxonomy* 2012 (30): 1-10 (EJT-30). <https://doi.org/10.5852/ejt.2012.30>

Neotropical Monogenoidea. 47. Phylogeny and coevolution of species of *Rhinoxenus* (Platyhelminthes, Monogenoidea, Dactylogyridae) and their Characiformes hosts (Teleostei, Ostariophysi) with description of four new species

DOMINGUES M. V. & BOEGER W. A. 2005. — Neotropical Monogenoidea. 47. Phylogeny and coevolution of species of *Rhinoxenus* (Platyhelminthes, Monogenoidea, Dactylogyridae) and their Characiformes hosts (Teleostei, Ostariophysi) with description of four new species. *Zoosystema* 27 (3): 441-467.

Larval tapeworms (Platyhelminthes, Cestoda) from sciaenid fishes of the southern coast of Brazil

PEREIRA Jr J. & BOEGER W. A. 2005. — Larval tapeworms (Platyhelminthes, Cestoda) from sciaenid fishes of the southern coast of Brazil. *Zoosystema* 27 (1): 5-25.

Neotropical Monogenoidea. 41: New and previously described species of Dactylogyridae (Platyhelminthes) from the gills of marine and freshwater perciform fishes (Teleostei) with proposal of a new genus and a hypothesis on phylogeny

KRITSKY D. C. & BOEGER W. A. 2002. — Neotropical Monogenoidea. 41: New and previously described species of Dactylogyridae (Platyhelminthes) from the gills of marine and freshwater perciform fishes (Teleostei) with proposal of a new genus and a hypothesis on phylogeny. *Zoosystema* 24 (1): 7-40.
