## Publications de l'auteur

### Articles

#### **Type studies of six Australian and one New Zealand *Lactarius* species (Basidiomycota, Russulaceae)**

VERBEKEN A., NUYTINCK J. & STUBBE D. 2010. — Type studies of six Australian and one New Zealand *Lactarius* species (Basidiomycota, Russulaceae). *Cryptogamie, Mycologie* 31 (3): 235-249.

---

#### **Two new *Lactarius* species from Cameroon**

VERBEKEN A., STUBBE D. & NUYTINCK J. 2008. — Two new *Lactarius* species from Cameroon. *Cryptogamie, Mycologie* 29 (2): 137-143.

---

#### **A new *Lactarius* species from Zimbabwe**

VERBEKEN A. & SHARP C. 2003. — A new *Lactarius* species from Zimbabwe. *Cryptogamie, Mycologie* 24 (2): 125-129.

---

#### **New species in *Helicogloea* and *Spiculogloea*, including a type study of *H. graminicola* (Bres.) G.E. Baker (Basidiomycota, Pucciniomycotina)**

SCHOUTTETEN N., ROBERTS P., VAN DE PUT K. & VERBEKEN A. 2018. — New species in *Helicogloea* and *Spiculogloea*, including a type study of *H. graminicola* (Bres.) G.E. Baker (Basidiomycota, Pucciniomycotina). *Cryptogamie, Mycologie* 39 (3): 311-323.  
<https://doi.org/10.7872/crym/v39.iss3.2018.311>

---

#### **Morphological and phylogenetic evidence for two new *Lactarius* species (Russulales, Basidiomycota) from India**

DAS K., VERBEKEN A., CHAKRABORTY D., AVCHAR R. & BAGHELA A. 2017. — Morphological and phylogenetic evidence for two new *Lactarius* species (Russulales, Basidiomycota) from India. *Cryptogamie, Mycologie* 38 (4): 453-467.  
<https://doi.org/10.7872/crym/v38.iss4.2017.453>

---

#### **Untangling the Central African *Cantharellus* sect. *Tenuis*: *Cantharellus minutissimus* sp. nov. and epitypification of *Cantharellus alboroseus***

BUYCK B., DE CROP E., VERBEKEN A. & HOFSTETTER V. 2016. — Untangling the Central African *Cantharellus* sect. *Tenuis*: *Cantharellus minutissimus* sp. nov. and epitypification of *Cantharellus alboroseus*, in BUYCK B. (ed.), Special Issue: *Cantharellus*. *Cryptogamie, Mycologie* 37 (3): 329-343. <https://doi.org/10.7872/crym/v37.iss3.2016.329>

---

#### **A new *Lactarius* species from Togo with an isolated phylogenetic position**

VAN DE PUTTE K., DE KESEL A., NUYTINCK J. & VERBEKEN A. 2009. — A new *Lactarius* species from Togo with an isolated phylogenetic position. *Cryptogamie, Mycologie* 30 (1): 39-44.
