

SUPPLEMENTARY DATA

TABLE S1. — Terrestrial invertebrate species newly recorded from the ATBI inventory in the Mercantour (MNP, France), the Alpi Marittime (AMNP, Italy) parks, and from France or Italy and published in the special issues of *Zoosystema* (Daugeron *et al.* 2015a, b). Species described in these issues are in bold. Spider listed here are new to the AMNP in its widest sense, corresponding to the Site of Community Importance and Special Area of Conservation “Alpi Marittime” IT1160056.
