

zoosystema

WHY SUBMIT YOUR ARTICLE

From 2018, *Zoosystema* is a fast track peer-reviewed journal devoted to the description, analysis and interpretation of animal biodiversity. It publishes original results of zoological research, particularly in taxonomy, nomenclature, comparative, functional and evolutionary morphoanatomy, phylogeny, biogeography, ecology and species behaviour. Articles are published without page limit and the names of the new taxa are validated at the paper date of publication through their registration in Zoobank. The Muséum's specimens identified with an inventory number are linked to the online specimen collections and easily accessible on internet. The authors are encouraged to deposit some of the specimens studied in their articles in the collections of the Muséum.

Why submit your paper to *Zoosystema*? ←

- **No publication fee.** *Zoosystema* is a **diamond open access journal**, free of charge for both the author and the reader and accessible as soon as published. Print versions are available by subscription (diff.pub@mnhn.fr) while high-definition PDFs of the articles are available for free and without registration on the journal's website (www.zoosystema.com);
- **A team of professional desk editors is dedicated to your article.** Preparation of text and figures, proofreading, publication and distribution are our core business; we rigorously scrutinise each manuscript for the slightest mistake or technical problem and exchange with you until it is corrected or solved; **we therefore guarantee the highest reproduction quality**, valorizing your work for release within the scientific community...
- Publication of your article happens **less than 6 months after its acceptance**;
- *Zoosystema* is covered with a **0.678 5-year** and a **0.632 2-year impact factors**;
- **We register your article in Zoobank.** *Zoosystema* papers and taxonomic novelties are registered in Zoobank; your article and the new species and genera have their own LSID; **you don't have anything to do, we do it for you!**
- **Your article is distributed electronically** by BioOne® (<http://www.bioone.org>), which is available through more than 2500 universities and provides archiving in Portico and LOCKSS; **a DOI (Digital Object Identifier) is attributed to your article** to make it more visible and easily quotable by other researchers.

To submit your article to *Zoosystema*, consult the journals guideline in the **instructions to authors** and send your article to **zoosyst@mnhn.fr**
