WHY SUBMIT YOUR ARTICLE

From 2018, *Geodiversitas* is a **fast track peer-reviewed journal** devoted to varied aspects of earth sciences. It publishes original research results, in French or English, with emphasis on history of systematic paleontology, paleobiodiversity, paleoenvironments and sedimentary basins. An issue of *Geodiversitas* may be devoted to a single topic (**thematic issues**) under the responsibility of guest editor(s). Articles are published without page limit, and are all compliant with the different nomenclatural codes. The Muséum's specimens identified with an inventory number are linked to the online specimen Collections and easily accessible on internet.
