***Phyllarthron longipedunculatum* Callm. & Phillipson, sp. nov. (Bignoniaceae): a new species from Northern Madagascar**

CALLMANDER M. W. & PHILLIPSON P. B. 2016. — *Phyllarthron longipedunculatum* Callm. & Phillipson, sp. nov. (Bignoniaceae): a new species from Northern Madagascar. *Adansonia* 38 (2): 275-280. <https://doi.org/10.5252/a2016n2a11>

***Grewia hispidissima* Wahlert, Phillipson & Mabb., sp. nov. (Malvaceae, Grewioideae): a new species of restricted range from northwestern Madagascar**

WAHLERT G. A., PHILLIPSON P. B., MABBERLEY D. J. & LOWRY II P. P. 2016. — *Grewia hispidissima* Wahlert, Phillipson & Mabb., sp. nov. (Malvaceae, Grewioideae): a new species of restricted range from northwestern Madagascar. *Adansonia* 38 (1): 117-121. <https://doi.org/10.5252/a2016n1a7>

Révision du genre *Ivodea* Capuron (Rutaceae), endémique de Madagascar et de l'archipel des Comores

RABARIMANARIVO M. N., RAKOTONIRINA N. H., PHILLIPSON P. B., LOWRY II P. P., LABAT J.-N. & PIGNAL M. 2015. — Révision du genre *Ivodea* Capuron (Rutaceae), endémique de Madagascar et de l'archipel des Comores. *Adansonia* 37 (1): 63-102. <https://doi.org/10.5252/a2015n1a6>

A synoptic revision of the Malagasy endemic genus *Calantica* Jaub. ex Tul. (Salicaceae)

APPLEQUIST W. L., PHILLIPSON P. B. & SCHATZ G. E. 2014. — A synoptic revision of the Malagasy endemic genus *Calantica* Jaub. ex Tul. (Salicaceae). *Adansonia* 36 (1): 83-102. <https://doi.org/10.5252/a2014n1a8>

The new species *Aristea farafangana* Goldblatt & Phillipson, sp. nov. (Iridaceae) from Madagascar, biogeographic notes on *Aristea* Aiton in Madagascar and a revised key to the genus

GOLDBLATT P., PHILLIPSON P. B. & MANNING J. C. 2013. — The new species *Aristea farafangana* Goldblatt & Phillipson, sp. nov. (Iridaceae) from Madagascar, biogeographic notes on *Aristea* Aiton in Madagascar and a revised key to the genus. *Adansonia* 35 (1): 47-53. <https://doi.org/10.5252/a2013n1a4>

***Peltiera* (Fabaceae), the coming and going of an “extinct” genus in Madagascar**

THULIN M., PHILLIPSON P. B. & LAVIN M. 2013. — *Peltiera* (Fabaceae), the coming and going of an “extinct” genus in Madagascar. *Adansonia* 35 (1): 61-71. <https://doi.org/10.5252/a2013n1a6>

The lianescent species of *Grewia* L. (Malvaceae s.l., formerly Tiliaceae) in Madagascar

RANDRIANASOLO A., LOWRY II P. P., SCHATZ G. E., PHILLIPSON P. B. & WAHLERT G. A. 2013. — The lianescent species of *Grewia* L. (Malvaceae s.l., formerly Tiliaceae) in Madagascar. *Adansonia* 35 (1): 73-85. <https://doi.org/10.5252/a2013n1a7>

Novelties from the Northern Mountains Complex of Madagascar. III. Two new species of *Turraea* L. (Meliaceae)

CALLMANDER M. W., PHILLIPSON P. B. & LOWRY II P. P. 2012. — Novelties from the Northern Mountains Complex of Madagascar. III. Two new species of *Turraea* L. (Meliaceae). *Adansonia* 34 (1): 93-102. <https://doi.org/10.5252/a2012n1a11>

Two new species of *Colea* Bojer ex Meisn. (Bignoniaceae) endemic to Madagascar

CALLMANDER M. W. & PHILLIPSON P. B. 2012. — Two new species of *Colea* Bojer ex Meisn. (Bignoniaceae) endemic to Madagascar. *Adansonia* 34 (1): 115-122. <https://doi.org/10.5252/a2012n1a13>

Four new species in the endemic genus *Rhodocolea* Baill. (Bignoniaceae) from Madagascar

CALLMANDER M. W. & PHILLIPSON P. B. 2011. — Four new species in the endemic genus *Rhodocolea* Baill. (Bignoniaceae) from Madagascar. *Adansonia* 33 (2): 311-321. <https://doi.org/10.5252/a2011n2a14>

A synoptic revision of the genus *Lepisanthes* Blume (Sapindaceae) in Madagascar

BUERKI S., CALLMANDER M. W., LOWRY II P. P. & PHILLIPSON P. B. 2009. — A synoptic revision of the genus *Lepisanthes* Blume (Sapindaceae) in Madagascar. *Adansonia* 31 (2): 301-309. <https://doi.org/10.5252/a2009n2a6>

Révision du genre *Bathiorhamnus* Capuron (Rhamnaceae) endémique de Madagascar

CALLMANDER M. W., PHILLIPSON P. B. & BUERKI S. 2008. — Révision du genre *Bathiorhamnus* Capuron (Rhamnaceae) endémique de Madagascar. *Adansonia* 30 (1): 151-170.
