Discovery of a natural hybrid between *Bruchia vogesiaca* Schwägr. and *Trematodon ambiguus* (Hedw.) Hornsch. (Musci, Bruchiaceae)

FRAHM J.-P. & HO B.-C. 2010. — Discovery of a natural hybrid between *Bruchia vogesiaca* Schwägr. and *Trematodon ambiguus* (Hedw.) Hornsch. (Musci, Bruchiaceae). *Cryptogamie, Bryologie* 31 (1): 95-99.

The first record of a *Sphagnum* from the Tertiary in Baltic amber and other new records of mosses from Baltic and Dominican amber

FRAHM J.-P. 2009. — The first record of a *Sphagnum* from the Tertiary in Baltic amber and other new records of mosses from Baltic and Dominican amber. *Cryptogamie, Bryologie* 30 (2): 259-263.

Preliminary results of the taxonomic value of *Tortula densa* (Velen.) J.-P. Frahm inferred from the Internal Transcribed Spacer (ITS) of the nrDNA

FRAHM J.-P. & SABOVLJEVIC M. 2006. — Preliminary results of the taxonomic value of *Tortula densa* (Velen.) J.-P. Frahm inferred from the Internal Transcribed Spacer (ITS) of the nrDNA. *Cryptogamie, Bryologie* 27 (4): 405-412.

The taxonomic status of intermediate forms of *Campylopus introflexus* (Hedw.) Brid. and *C. pilifer* Brid. (Dicranaceae, Bryopsida) newly discovered in Europe

FRAHM J.-P. & STECH M. 2006. — The taxonomic status of intermediate forms of *Campylopus introflexus* (Hedw.) Brid. and *C. pilifer* Brid. (Dicranaceae, Bryopsida) newly discovered in Europe. *Cryptogamie, Bryologie* 27 (2): 213-223.

Climatic habitat differences of epiphytic lichens and bryophytes

FRAHM J.-P. 2003. — Climatic habitat differences of epiphytic lichens and bryophytes. *Cryptogamie, Bryologie* 24 (1): 3-14.

The origin of the German populations of *Hilpertia velenovskyi* (Pottiaceae, Bryopsida): inferences from variation in the nuclear ITS region

SABOVLJEVIC M., FRAHM J.-P. & SCHAUMANN F. 2006. — The origin of the German populations of *Hilpertia velenovskyi* (Pottiaceae, Bryopsida): inferences from variation in the nuclear ITS region. *Cryptogamie, Bryologie* 27 (3): 357-364.
