Revision of the Eurybrachidae (XV). The Oriental genus *Purusha* Distant, 1906 with two new species and a key to the genera of Eurybrachini (Hemiptera: Fulgoromorpha: Eurybrachidae)

CONSTANT J. 2020. — Revision of the Eurybrachidae (XV). The Oriental genus *Purusha* Distant, 1906 with two new species and a key to the genera of Eurybrachini (Hemiptera: Fulgoromorpha: Eurybrachidae). *European Journal of Taxonomy* 2020 (602): 1-40. <https://doi.org/10.5852/ejt.2020.602>

Revision of the Eurybrachidae XIV. The Australian genera *Olonia* Stål, 1862 and *Stalobrachys* gen. nov. (Hemiptera: Fulgoromorpha)

CONSTANT J. 2018. — Revision of the Eurybrachidae XIV. The Australian genera *Olonia* Stål, 1862 and *Stalobrachys* gen. nov. (Hemiptera: Fulgoromorpha). *European Journal of Taxonomy* 2018 (486): 1-97. <https://doi.org/10.5852/ejt.2018.486>

Review of the Maluku Islands species of the lanternfly genus *Birdantis* Stål, 1863, with a new species and identification key (Hemiptera: Fulgoromorpha: Fulgoridae)

CONSTANT J. 2018. — Review of the Maluku Islands species of the lanternfly genus *Birdantis* Stål, 1863, with a new species and identification key (Hemiptera: Fulgoromorpha: Fulgoridae). *European Journal of Taxonomy* 2018 (461): 1-20. <https://doi.org/10.5852/ejt.2018.461>

Review of the *clavatus* group of the lanternfly genus *Pyrops* (Hemiptera: Fulgoromorpha: Fulgoridae)

CONSTANT J. & PHAM H.-T. 2017. — Review of the *clavatus* group of the lanternfly genus *Pyrops* (Hemiptera: Fulgoromorpha: Fulgoridae). *European Journal of Taxonomy* 2017 (305): 1-26 (EJT-305). <https://doi.org/10.5852/ejt.2017.305>

***Gergithoides* Schumacher, 1915 in Vietnam, with two new species, and taxonomic notes on the genus (Hemiptera: Fulgoromorpha: Issidae)**

CONSTANT J. & PHAM H.-T. 2017. — *Gergithoides* Schumacher, 1915 in Vietnam, with two new species, and taxonomic notes on the genus (Hemiptera: Fulgoromorpha: Issidae). *European Journal of Taxonomy* 2017 (296): 1-20 (EJT-296). <https://doi.org/10.5852/ejt.2017.296>

***Maculergithus*, a new subgenus in *Gergithus* Schumacher, 1915 with two new species from northern Vietnam (Hemiptera: Fulgoromorpha: Issidae)**

CONSTANT J. & PHAM H.-T. 2016. — *Maculergithus*, a new subgenus in *Gergithus* Schumacher, 1915 with two new species from northern Vietnam (Hemiptera: Fulgoromorpha: Issidae). *European Journal of Taxonomy* 2016 (198): 1-16 (EJT-198). <https://doi.org/10.5852/ejt.2016.198>

Review of the *effusus* group of the Lanternfly genus *Pyrops* Spinola, 1839, with one new species and notes on trophobiosis (Hemiptera: Fulgoromorpha: Fulgoridae)

CONSTANT J. 2015. — Review of the *effusus* group of the Lanternfly genus *Pyrops* Spinola, 1839, with one new species and notes on trophobiosis (Hemiptera: Fulgoromorpha: Fulgoridae). *European Journal of Taxonomy* 2015 (128): 1-23 (EJT-128). <https://doi.org/10.5852/ejt.2015.128>

The Lanternfly genus *Polydictya* (Hemiptera: Fulgoromorpha: Fulgoridae) from Sulawesi and neighbouring islands, with the description of three new species

CONSTANT J. 2015. — The Lanternfly genus *Polydictya* (Hemiptera: Fulgoromorpha: Fulgoridae) from Sulawesi and neighbouring islands, with the description of three new species. *European Journal of Taxonomy* 2015 (110): 1-19 (EJT-110). <https://doi.org/10.5852/ejt.2015.110>

Revision of the Malagasy lanternfly genus *Belbina* Stål, 1863, with two new species (Hemiptera: Fulgoromorpha: Fulgoridae)

CONSTANT J. 2014. — Revision of the Malagasy lanternfly genus *Belbina* Stål, 1863, with two new species (Hemiptera: Fulgoromorpha: Fulgoridae). *European Journal of Taxonomy* 2014 (102): 1-37 (EJT-102). <https://doi.org/10.5852/ejt.2014.102>

Review of the Oriental lantern-fly genus *Egregia* Chew Kea Foo, Porion & Audibert, 2011, with a new species from Sumatra (Hemiptera: Fulgoromorpha: Fulgoridae)

CONSTANT J. 2014. — Review of the Oriental lantern-fly genus *Egregia* Chew Kea Foo, Porion & Audibert, 2011, with a new species from Sumatra (Hemiptera: Fulgoromorpha: Fulgoridae). *European Journal of Taxonomy* 2014 (92): 1-9 (EJT-92). <https://doi.org/10.5852/ejt.2014.92>

A strikingly coloured new giant millipede from Vietnam has copycat in Borneo (Diplopoda, Spirostreptida, Harpagophoridae)

PIMVICHAI P., AKKARI N., SEMENYUK I. & CONSTANT J. 2020. — A strikingly coloured new giant millipede from Vietnam has copycat in Borneo (Diplopoda, Spirostreptida, Harpagophoridae). *European Journal of Taxonomy* 722: 1-15. <https://doi.org/10.5852/ejt.2020.722.1129>

Revision of the lanternfly genus *Limois* Stål, 1863 (Hemiptera: Fulgoromorpha: Fulgoridae) with description of a new species from China

WANG W.-Q., XU S.-L., CONSTANT J. & QIN D. 2020. — Revision of the lanternfly genus *Limois* Stål, 1863 (Hemiptera: Fulgoromorpha: Fulgoridae) with description of a new species from China. *European Journal of Taxonomy* 720: 35-61. <https://doi.org/10.5852/ejt.2020.720.1113>

Philippine mossy forest stick insects: first record of the genus *Otraleus* Günther, 1935 in the country, with four new species, and the new genus *Capuyanus* gen. nov. (Phasmida, Diapheromeridae, Necrosciinae)

BRESSEEL J. & CONSTANT J. 2017. — Philippine mossy forest stick insects: first record of the genus *Otraleus* Günther, 1935 in the country, with four new species, and the new genus *Capuyanus* gen. nov. (Phasmida, Diapheromeridae, Necrosciinae). *European Journal of Taxonomy* 2017 (265): 1-31 (EJT 265). <https://doi.org/10.5852/ejt.2017.265>

The new genus of stick insect *Lobofemora* from Vietnam, with the description of three new species (Phasmida: Phasmatidae: Clitumnini)

BRESSEEL J. & CONSTANT J. 2015. — The new genus of stick insect *Lobofemora* from Vietnam, with the description of three new species (Phasmida: Phasmatidae: Clitumnini). *European Journal of Taxonomy* 2015 (115): 1-25 (EJT-115). <https://doi.org/10.5852/ejt.2015.115>

Giant Sticks from Vietnam and China, with three new taxa including the second longest insect known to date (Phasmatodea, Phasmatidae, Clitumninae, Pharnaciini)

BRESSEEL J. & CONSTANT J. 2014. — Giant Sticks from Vietnam and China, with three new taxa including the second longest insect known to date (Phasmatodea, Phasmatidae, Clitumninae, Pharnaciini). *European Journal of Taxonomy* 2014 (104): 1-38 (EJT-104). <https://doi.org/10.5852/ejt.2014.104>
