

# COMPTES RENDUS PALEVOL

Volume 17 (2018) – No. 4–5 – May–June

*Cover illustration:* Reconstruction of the Tegelien early Pleistocene landscape. (Painting by Ben Collet in the 1970s, The Archives of Naturalis, Leiden, The Netherlands.)

*Illustration de couverture :* Reconstitution du paysage Pléistocène inférieur de Tegelien. (Peinture de Ben Collet, années 1970, archives de Naturalis, Leyde, Pays-Bas.)

Thematic issue / Numéro thématique :

## **European early Pleistocene biogeography and ecology based on the mammal record: Case studies and preliminary syntheses**

### ***Biogéographie et écologie du Pléistocène inférieur européen d'après les archives mammaliennes : études de cas et synthèses préliminaires***

Guest editors / Rédacteurs en chef invités : **Dimitris S. Kostopoulos, George Konidaris,  
Alexey Tesakov, Lars W. van den Hoek Ostende & Lorenzo Rook**

- Foreword / *Avant-propos*  
**Dimitris S. Kostopoulos, George Konidaris, Alexey Tesakov, Lars W. van den Hoek Ostende,  
Lorenzo Rook**..... 239
- Faunal dynamics in SW Europe during the late Early Pleistocene: Palaeobiogeographical insights  
and biochronological issues  
**Maria Rita Palombo** ..... 247
- Criteria for identifying the African origin of early Pleistocene mammalian fauna in Eurasia  
**Miriam Belmaker** ..... 262
- Paleobiogeography of early human dispersal in western Eurasia: Preliminary results  
**Roman Croitor**..... 276

*Continued on the next page*

Contents (continued)

- Before and after the earliest *Homo* dispersal in Europe: Evidence from the early Pleistocene sites of the Italian Peninsula  
**Raffaele Sardella, Luca Bellucci, Fabio Bona, Marco Cherin, Dawid A. Iurino, Lorenzo Rook** ..... 287
- Sedimentological, taphonomical and palaeoecological aspects of the late early Pleistocene vertebrate fauna from the Somssich Hill 2 site (South Hungary)  
**Piroska Pazonyi, Attila Virág, Kinga Gere, Gábor Botfalvai, Krisztina Sebe, Zoltán Szentesi, Lukács Mészáros, Dániel Botka, Mihály Gasparik, László Korecz** ..... 296
- *Orcemys*, a new genus of arvicolid rodent from the early Pleistocene of the Guadix–Baza Basin, southern Spain  
**Robert A. Martin, Alexey Tesakov, Jordi Agustí, Karla Johnston** ..... 310
- Feeding ecology of *Eucladoceros ctenoides* as a proxy to track regional environmental variations in Europe during the early Pleistocene  
**Émilie Berlioz, Dimitris S. Kostopoulos, Cécile Blondel, Gildas Merceron** ..... 320
- Biogeography and chronology of the Eurasian extinct rhinoceros *Stephanorhinus etruscus* (Mammalia, Rhinocerotidae)  
**Luca Pandolfi, Esperanza Cerdeño, Vlad Codrea, Tassos Kotsakis**..... 333
- Assessing astragalar morphology and biomechanics in Western Palaeartic *Bison* populations with geometric morphometrics  
**Ioannis Maniakas, Dimitris S. Kostopoulos**..... 334
