An error slipped into [Table 1](#) of this article. The data in the sixth column (OC Area) is incorrect. The correct table is given below. As originally published, the correct data was applied to the relevant figures and text in the Results, thus interpretations of the paper as expressed in the Discussion remain unchanged. We apologize to our readers.

Une erreur s'est glissée dans le [Tableau 1](#) de l'article en référence. Les données de la sixième colonne (OC Area) sont incorrectes. Le tableau correct est donné ci-dessous. Nous prions nos lecteurs de bien vouloir excuser cette coquille.

**Table 1**

Sample details and summary values are presented for 12 individuals of Bantu origin and known life history.

**Tableau 1**

Les détails sur les échantillons et les valeurs résumées sont présentés pour 12 individus d'origine bantoue et dont l'histoire de vie est connue.

| ID    | Sex    | Age | Weight (kg) | Height (m) | OC Area ( $\mu\text{m}^2$ ) | Total Bone Area ( $\text{mm}^2$ ) | OC ( $\text{mm}^2$ ) |
|-------|--------|-----|-------------|------------|-----------------------------|-----------------------------------|----------------------|
| 01 02 | Female | 50  | 68          | 1.6        | 2.592 E+6                   | 304.77                            | 305                  |
| 02 02 | Male   | 40  | 60          | 1.5        | 4.069 E+6                   | 497.22                            | 313                  |
| 02 05 | Male   | 42  | 64          | 1.72       | 1.705 E+6                   | 274.71                            | 245                  |
