

COMPTES RENDUS PALEVOL

Volume 18 (2019) – No. 5 – July/August

Cover illustration: *Entelodon* aff. *E. gobiensis* from the late Eocene of Krabi, Thailand. A–D. TF 2695, left P3 in buccal (A), occlusal (B and C), and lingual (D) views. E–H. TF2694, left P4 in distal (E), occlusal (F and G), and mesial (H) views. The scale bar equals 1 cm. For further details, see : Ducrocq, S., et al., 2019. First record of Entelodontidae (Mammalia, Artiodactyla) from the late Eocene of Southeast Asia. C. R. Palevol 18, 186–190.

Illustration de couverture : *Entelodon* aff. *E. gobiensis* de l'Éocène supérieur de Krabi, Thaïlande. A–D. TF 2695, P3 gauche en vues buccale (A), occlusale (B et C) et linguale (D). E–H. TF 2694, P4 gauche en vues distale (E), occlusale (F et G) et mésiale (H). La barre d'échelle représente 1 cm. Pour de plus amples détails, voir : Ducrocq, S., et al., 2019. First record of Entelodontidae (Mammalia, Artiodactyla) from the late Eocene of Southeast Asia. C. R. Palevol 18, 186–190.

General Palaeontology, Systematics and Evolution / *Paléontologie générale, systématique et évolution*

Invertebrate Palaeontology / *Paléontologie des invertébrés*

- Stratigraphical distribution of the Ordovician graptolite *Azygograptus* Nicholson & Lapworth in the Central Andean Basin (northwestern Argentina and southern Bolivia)
Blanca A. Toro, Nexxys C. Herrera Sánchez 493
- The first sclerodermine and pristocerine flat wasps in Lowermost Eocene amber of France (Hymenoptera: Bethyloidea)
Elsa Falières, André Nel 509

(Vertebrate Palaeontology / *Paléontologie des vertébrés*)

- A small stem-galliform bird (Aves: Paraortygidae) from the Eocene of Uzbekistan
Nikita V. Zelenkov, Andrey V. Panteleyev 517
- A new chinchilloid (Rodentia, Hystriognathi) from the early Miocene of the localities of Bryn Gwyn and Gran Barranca (Patagonia, Argentina)
Felipe Busker, María E. Pérez, María T. Dozo 525

Continued on the next page

Contents (continued)

(Palaeoecology / Paléoécologie)

- Feeding ecology of Late Pleistocene *Muntiacus muntjak* in the Padang Highlands (Sumatra)
Mathias Wirkner, Christine Hertler 541

Human Palaeontology and Prehistory / Paléontologie humaine et préhistoire

(Prehistoric Archaeology / Archéologie préhistorique)

- Handaxe shape variation in a relative context
Alastair J.M. Key 555
- Identification of Quina and Vasconian technocomplexes in Gatzarria Cave (north-western Pyrenees), based on the stratigraphic, taphonomic and technological revision of the Georges Laplace collections
Marianne Deschamps 569

Erratum / Erratum

- Corrigendum to “The alpha taxonomy of *Australopithecus* at Sterkfontein: The postcranial evidence”
[C. R. Palevol. 18 (2019) 335–352]
Frederick E. Grine 587
